

Markal®

High Performance Industrial Markers

PRO-LINE® HP High Performance Liquid Paint Marker

High visible marks.

Great on oily surfaces.

**NEW LOOK!
NEW CAP!**

The Most Versatile Markal® Paint Marker Ever... Now Featuring The New ClipGrip Cap!

Markal PRO-LINE® HP is a new concept in paint markers, designed to be both the safest and the most versatile paint marker in the industry. With a faster drying, more durable xylene-free paint formula, PRO-LINE HP writes on more surfaces in different applications than any other paint marker. PRO-LINE HP now features the new ClipGrip cap. The robust, knurled design of the cap enables users to easily remove it when wearing gloves or even with oily, greasy hands.

FEATURES:

- Unsurpassed writing on oily, wet, soapy or coated surfaces.
- Highly visible, durable permanent paint that dries quickly and resists wearing or fading.
- Xylene-free paint does not contain any chemicals listed in California Proposition 65, the EPA HAPS list or the SARA 313 regulations, minimizing employee health, environmental and waste disposal concerns.
- Low in halogenated compounds and sulfur allows use in many stainless steel, nuclear and other corrosion sensitive applications. Specifications vary by color. See our website, www.markal.com, for typical halogenated compound and sulfur levels for each color.
- Excellent on metal, coatings, plastic, glass, ceramic and almost any other non-porous surfaces.
- Medium bullet tip
- Marking temperature range from -50°F to 150°F (-46°C to 66°C).

ORDERING INFORMATION:

Part No.	Color	Qty./ Case	Wt. Lbs./ Case
96960	White *	48	2
96961	Yellow *	48	2
96962	Red *	48	2
96963	Black *	48	2
96964	Orange	48	2
96965	Blue	48	2
96966	Green	48	2
96967	Silver *	48	2
96970	Light Green	48	2
